EDUCATION

Bachelor of Technology in Computer Science & Engineering - 8.62 CGPA, *Jawaharlal Institute of Technology Borawan(Dist. Khargone)*	09/2020 – 06/2024 India
12th - 80.2%, *Kendriya Vidyalaya Barwani*	03/2019 – 08/2020 Barwani(MP)
10th - 82.2%, *Kendriya Vidyalaya Barwani*	03/2017 – 08/2018 Barwani(MP)

SKILLS

Technologies/Frameworks
Html,Css,Python, Django

Collaboration Tools
Google Workspace

Other Tools
VS Code

Database
MySQL

PROJECTS

Online Quiz App

- Developed an interactive quiz application using Django and Python.
- Users can attempt multiple-choice questions and get scores instantly.
- Created models for questions, options, and answers.
- Implemented logic to match selected options with correct answers and display results.
- Used Django sessions to store user scores and responses temporarily.
- Ensured mobile responsiveness and clean user interface using Bootstrap.

Student Record Management System

- Developed a web-based application using Django to manage student data (CRUD operations).
- Used Django templating engine for dynamic HTML rendering.
- Implemented features to add, update, view, and delete student details like name, roll number, marks, etc.
- Used Django models for database handling and Bootstrap for basic UI design.
- Utilized SQLite as the backend database for storing student records.
- Conducted manual testing to verify functionality and responsiveness.
